—The Fairview Improvement Organization will take measures to have the nuisance alleged to be caused by the Gas Company, abated.

—David Mandeville, who narrowly escaped death at the Market street crossing of the P. R. R. last week, met with another accident last Monday, being knocked down by a runaway horse belonging to the Maple Place Dairy.

—The Woman's Christian Temperance Union, hold their regular weekly meeting every Tuesday at 3.30, in the Methodist Sunday-school room. The ladies of this place are cordially invited to attend.

—The Hoboken News pours out the vitals of its wrath on the conservative directors of the D. L. & W. R. R., in regard to the poor accommodation furnished at Hoboken for live (human) stock. It says: "A wayside village would kick at such a building as is maintained for the terminus of one great railroad system of the country. Morris and Essex stock is firm at 129. The company's earnings are the envy of many roads which make a great deal better show of outward prosperity."

—The Montclair Boys' School begins its second half-year next week. The support which the School has received from the residents of Montclair and Bloomfield has demonstrated the necessity of such an institution. All the patrons of the School express themselves as thoroughly satisfied, and the future outlook for the School is certainly very bright. We can commend the School to all those who are seeking a select school for their boys.

—The annual meeting of the Bloomfield Urban Asylum Society will be held at the residence of Mrs. Reuben N. Dodd, Franklin street, on Thursday afternoon, Feb. 2nd, at 2.30 P. M. sharp. A Hard Nut to Crack.

The honorable gentlemen of the Town Committee are as a rule desirous of pleasing their constituents. They sometimes find it a hard nut to crack, as the following exhibition of opinion in regard to a Good-natured Citizen:—"Capital idea."

Watercress.

—A sleigh load of young ladies and gentlemen visited Wayback on Tuesday night.

—A number of new books have been added to the Free Library.

—J. W. Arrowsmith has purchased the residence now occupied by Charles West on Thornton street.

—Mrs. Pollard slipped on the ice on Watercress avenue and sustained a severe injury to her hip.

—Large crowds of boys and girls nightly enjoy coasting on Molter's hill.

—Bridget Broughton's clothes-line was robbed by an Italian rag-picker on Monday afternoon.

—Miss Joanne Greer and Miss Ella Moore of Whippany, are visiting Mrs. J. Sandford.

—Ten new passengers coaches and three new locomotives are to be added to the rolling stock of the Watchung road.

—The congregation of Lawrence street M. E. Church elected trustees on Friday night.

—Lost—A dog, breed known as retriever; color, black mixed with gray. Any person returning the same will be suitably rewarded. H. L. Van Gieson.

—The family of Mr. James Bowles on Grove street, were nearly suffocated on Monday night. A brick fell from the top of the chimney down the flue and knocked out the sheet-iron plate at the bottom of the flue over the fireplace. The gas from the stove instead of going up the chimney was driven into the room. When the family awoke next morning they complained of headache and were seized with vomiting.

—It now appears as if all speculation in regard to the working of the East Orange sewage system will soon be at an end. The preparatory work is about complete. The pipes are all laid, the machinery erected, and some few house connections made. Much chimerical information has been furnished by persons pretending to know, as to how the sewage matter will reach the works on Glenwood avenue, who will have charge of the works, how many men will be employed, etc., etc.

—Mr. Riker, the mason who constructed the building says the sewage matter will reach the works by natural flow, the terminus on Glenwood avenue being thirteen feet lower than any other point. Just before entering the vaults, chemical deodorizers are mixed with the sewage matter. The mixture flows into the vaults where it settles, the water being run off on to the ground, while the residue is carried through a sluice into a deep well from which it is pumped up to the press where the water is completely exuded and it is pressed into cylindrical blocks about 24 inches in diameter and three inches in thickness. These are dried by steam before taken from the press and are then ready for the farmer's wagon. It is calculated that one man and a boy will be able to do all the manual labor at the works. Mr. George Sewell will probably be the man chosen to take charge.

Church Notes.

—Rev. A. F. Baird, D. D., late of the American Chapel, Paris, will preach in Montclair Trinity Presbyterian Church tomorrow, at 10.30 A. M., and 7.30 P. M.

—At the annual meeting of the German Presbyterian Church the following gentlemen were elected Trustees for the year 1888: Henry Meus and Sebastian Hagen.

—The pulpit of the Baptist Church will be occupied to-morrow by Rev. Jas. L. Hastie, Jr., of the senior class, Rochester Theological Seminary. Preaching morning and evening. All are invited.

—There is some dissatisfaction among the members of the Caldwell Presbyterian Church. The pastor, Dr. Berry is charged with having discarded the prohibition ticket at the last election, preferring a straight republican ticket.

—The Newark M. E. Conference will meet in Rev. D. A. Brown's Church, Hoboken, March 28th, and Bishop Fowler of California, will preside.

—The General Methodist Conference which meets every four years will be held some time during the coming spring. A strong effort will be made to discontinue the itinerancy system. Dr. Butz of Drew Seminary and Rev. J. N. Fitzgerald are spoken of for promotion to the episcopate.

A Desperate Affair.

A. A. Van Cleave, living at 121 East 77th Street, New York, writes us: "I have struggled for the past two years with a severe case of dyspepsia, aggravated by an attack of malaria. The struggle was a desperate one. After taking several bottles of Paxine I feel that I have conquered these distressing complaints. My system was completely run down, and I did not know a peaceful moment until I heard of and used Paxine; the effect was simply wonderful. For the benefit which I have received from that delightful remedy I know not how to thank you."

Paxine is sold by druggists, or delivered free by express to any address in the United States on receipt of 50c, and \$1.00 a bottle. Instructive pamphlet mailed free. The Dennis Mfg. Co. (Limited), 20 Vesey street, New York. See advertisement in this paper.
